Ideas and Innovations

Comments on Kimberly's views on the company and any ideas and innovations The staff's goal is to go the extra mile for each guest whether they pay a discounted rate or full rate. Treat each guest just as important as another. Each guest is to be respected and appreciated. Without our guests in this difficult economic times especially in the luxury hotel industry, we would not be able to employ crucial jobs. Human Resources does a great job in showing how each job matters. Dish washer is just important as a Sales Manager.
